Website

In the next 5 minutes, mark the following subjects by asking questions. Students can include examples in their presentation. If necessary, provide feedback for the student below tables.

1. Pages

Website is obviously missing important content	All necessary pages are there with content	Content (in all the) pages is clear and meaningful

2. Personal dashboard

Does not exist or does not meet requirements	Consists of a table with all courses and related exams in a structured way	Also contains links to useful websites like Learn.hz, study progress page in my.hz

3. Development environment

Very basic editor, no web server, no easy way to work in a folder with multiple files	Good code editor. Website hosted from computer. Can easily work with multiple files in a folder	Good code editor, website hosted on URL or IP address. Can easily work with multiple files in a folder

4. Code quality

Code is a mess	Meaningful naming of files and code. Code is generally clear. Care for indenting, capitalisation and structure of code and files.	Code and files are well structured. Great care has been taken for good naming and indenting.

inspringe !

5. Adaptability

Big changes like colour of text, colour of background, font size of all text, etc.

It's hard and complex to change i.e. text colour	Change of i.e. text colour can be done within a minute	Change of i.e. text colour can be done within seconds
